

THEN

lyric & music: Niklas Rapp

1.

When I was young, I believed in it
I believed in it
I still believe

2.

When I was young, I believed in myself
thought that you would,
believe in me too

CHORUS:

When you know I fall,
would you go back and catch me?
When you know I fall,
I know I'll get up by myself

3.

When I grow old, remember what they've told
Look into yourself,
not everyone else

4.

When I get old, doesn't know what I saw
Thought we understood,
that we've come further

CHORUS:

5.

When I was young, I believed in you
I believed in you
I believed in me

6.

When I was young, I believed in you
I believed in you
I still believe
