

TIME IS ALL (I NEED, DAD) .

lyric & music: Niklas Rapp

1.

How many roads will I take to find universe?
How many roads to set free?

How much work is left before you can go home?
Do you want to come home?

How many mouth would you feed today
How many children will starve?

All time gone, is it worth the money in your pocket?
What do you see?

CHORUS:

All is time, dad
Time is all i need
All is time, dad
Time is all I ask for

2.

How many flowers will fade on your behalf?
When they grow as you please

When you're old, would you regret your decision?
Or do I think too much?

How many doors do I have left to open
Is there anywhere you explain?

3.

How many roads will I take to find universe?
How many roads to set free?

When you can't choose where were you came from,
decide where to grow
